

Recommended launch package

Assumption: one liquor-store branch, two checkout tills, up to five staff, barcode inventory, M-Pesa and eTIMS support.

ONE-TIME SETUP + INTEGRATIONS
KES 85,000

MONTHLY SOFTWARE
KES 7,500

COMPLETE LAUNCH INCL.
HARDWARE
KES 209,100

1. One-time software and service charges

Item	What it covers	KES
Liquor-store configuration	Products, bottle sizes, categories, pricing, tax and age-verification workflow.	10,000
Product and opening-stock import	Up to 1,000 products and opening quantities supplied by the customer.	10,000
Two-till configuration	Registers, receipt layout, staff access and cashier permissions.	5,000
Training and go-live support	Staff training, test sales, reconciliation and launch assistance.	10,000
M-Pesa Daraja onboarding	Credential setup, callback testing and payment reconciliation configuration.	15,000
eTIMS integration allowance	Provisional fee for a certified third-party eTIMS integrator; confirm supplier quote before invoicing.	35,000
TOTAL ONE-TIME SOFTWARE SETUP		85,000

Important: KRA eTIMS software itself is free. The KES 35,000 allowance is for certified system-to-system integration and implementation, not a KRA fee.

2. Recurring subscription

Service	Included	Monthly KES
Pesaby Business licence	One branch, two tills, five users, sales, inventory, purchases, expenses, reports, staff controls and M-Pesa reconciliation.	6,500
Liquor controls and advanced inventory	Variants, stock counts, losses, age prompt and enhanced stock reporting.	1,000
MONTHLY TOTAL		7,500

Annual option: KES 75,000 paid upfront, equivalent to two months free. Prices should state whether VAT is included or excluded.

3. Hardware package for two tills

These are planning allowances. Obtain a supplier quotation before purchasing. Hardware can be supplied by Pesaby or purchased directly by the customer.

Equipment	Qty	Unit KES	Total KES
Computer, tablet or POS device	2	30,000	60,000
80 mm thermal receipt printer	2	8,000	16,000
Barcode scanner	2	4,000	8,000
Cash drawer	2	5,000	10,000
Router or MiFi	1	4,000	4,000
UPS / power backup	1	8,000	8,000
Equipment subtotal			106,000
Procurement, delivery and configuration margin (10%)			10,600
HARDWARE SUPPLIED BY PESABY			116,600

4. Amount payable at launch

Scenario	Initial payment KES	After launch
Customer already owns suitable equipment	92,500	KES 7,500/month
Pesaby supplies two-till hardware	209,100	KES 7,500/month
Without eTIMS, customer supplies equipment	57,500	KES 7,500/month
Without eTIMS, Pesaby supplies equipment	174,100	KES 7,500/month

5. Optional additions

Additional service	Charge
Additional branch	KES 3,000/month
Additional checkout till	KES 1,000/month
Additional product data entry beyond 1,000 items	KES 10–20/item
On-site support within Nairobi	KES 3,000/visit + transport
Smart/QR ordering add-on, once production-ready	KES 1,500/month

Payment terms: 70% deposit before configuration; 30% before go-live. Hardware is paid in full before purchase. Subscription is paid in advance.

6. Costs Pesaby must budget for internally

These are shared business costs. They should be covered by recurring subscriptions across all customers, not charged as the full amount to one liquor store.

Internal cost	Planning allowance	Notes
Production web hosting	KES 2,700/month	Vercel Pro allowance.
PostgreSQL database	KES 2,000–4,000/month	Usage-based production database.
Transactional email	KES 0–1,500/month	Free tier initially; upgrade as volume grows.
Image/file storage	KES 0–500/month	Product images and receipt logos at low volume.
Cache, monitoring and backups	KES 1,000–4,000/month	Increase with customer count and retention requirements.
Domain, annualized	KES 150–300/month	Renewed annually.
Shared infrastructure estimate	KES 6,000–14,000/month	Excludes founder salary, support labour, tax and marketing.

7. Original scanned quote compared with this proposal

Original quote item	Original amount	Pesaby treatment
Cloud solution, quantity 2	KES 18,000/month	Replaced with one branch licence covering two tills: KES 7,500/month.
Smart Order Android/iOS	KES 1,080	Optional only after the ordering feature is production-ready.
Implementation and training	KES 30,000	Included in setup and training: KES 25,000 combined.
eTIMS integration	KES 40,000	Use a provisional KES 35,000 certified-integrator allowance.
M-Pesa integration	KES 30,000	Recommended onboarding charge: KES 15,000.
Zoho integration	KES 10,000	Excluded because it is not currently implemented in Pesaby.
Original scanned quote total		KES 129,080

8. Important exclusions

- ✓ Customer’s county liquor licence, single business permit and other trading licences.
- ✓ Safaricom merchant transaction charges, which are paid under the customer’s own Till/PayBill agreement.
- ✓ Customer’s internet subscription, electricity, rent, staff salaries and stock purchases.
- ✓ VAT unless the quotation explicitly states that VAT is included.

Scope condition: eTIMS is not a KRA licence fee. Confirm the certified integrator, integration scope and final price before promising eTIMS compliance. M-Pesa credentials should be configured per business, not shared between customers.
